7.3 Institutional Distinctiveness

The College constantly strives to achieve perfection in all areas concerned. As the students are of main importance in the college, the thrust is given to pave way for the holistic development of the students. Holistic development is viewed as imparting education as per standards and at the same time helping them to develop social skills, soft skills, awareness of the contemporary society, to become psychologically strong and morally perfect citizens. The following are the various activities organized for the holistic development of students.
