

## Field visit on

Palakaya Tippa

DI: 13/march/2021

Education and Learning process should not only be limited to the classroom environment. The real world

Connection and hands on Experience are proven methods of better Learning. Theoretical knowledge in the books is not always enough to furnish the essential information to the students. The retention of a concept is better when the students experiences. It practically, field trips act as a significant help in the area. They take it as a mind-refreshing and rejuvenating venture. It is an opportunity to come out of the class room confinements and enjoy the embrace of the natural surrounding in the area and deal various subjects. A Learning lesson generally accompanies a field trip.

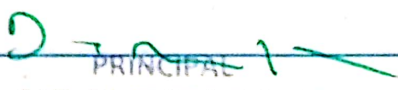

The Department of Aquaculture & Zoology arranged a field trip to regional Palakaya Tippa at Sangameswar on 13/march/2021. 30 students of our department have started @ 10:00 am at G.D.C, Avanigadda arrived at 11:00 am. With in this we observe the turtle - Conservation hatchery maintained by the forest department near Sagar Sangama in Palakaya Tippa, Koduru. We can observe by the body turtle and how to collect and Hatching the eggs.

The faculty and students were very happy to participate in the Biodiversity Conservation programme in this way. said B. Jayasai Department in charge Aquaculture and Zoology.
