***“Nature Conservation Day” as part of “Azaadi Ka Amrita Mahotsavam”***

Local Government Degree College Avani Gadda on **28th July 2022** Under the leadership of Vice Principal Dr. KV Shanthakumari, fruit saplings were planted in celebration of “Nature Conservation Day” as part of “Azaadi Ka Amrita Mahotsavam”. Fruit plants sponsored by Shri Umamaheswara Rao, Branch Manager, Avani Gadda, Life Insurance Company

Planting was done by NSS and Eco Club volunteers. Vice Principal Dr. KV Shanthakumari, Life Insurance Company Branch Manager Umamaheswara Rao, Eco Club Convener Dr. Sujatha, college faculty, life insurance company staff and NSS volunteers participated in this program. From deforestation, and climate change, to the extinction of flora and fauna and global warming, our planet is combating countless environmental issues. World Nature Conservation Day is meant to create awareness among the masses about the conservation of natural resources, especially nonrenewable ones. In addition, the day highlights the importance of preserving the environment for our future generations.

World Nature Conservation Day began in India by those who were concerned about protecting the Earth’s natural resources. The Environmental Information System (ENVIS) Center in New Delhi promotes the day. The Department of Environment, the Ministry of Environment and Forests, and the Government of India sponsor ENVIS. Many countries have joined India in observing this important day for our planet.

**THEME**

Every year, this day is celebrated under different meaningful themes. This year World Nature Conservation Day will be celebrated under the theme “Cut Down on Plastic.” Interestingly, earlier this month, India imposed a strict ban on single-use plastics, intending to tackle the country’s rapidly increasing plastic pollution. The products that come under this ban are straws, cutlery, earbuds, packaging films, and cigarette packets, among other products. Last year, World Nature Conservation Day was celebrated under the theme “Forests and Livelihoods: Sustaining People and Planet.”

permission letter for principal to conduct Nature Conservation  
Day .

28/07/22

Dear Principal,

I am writing to request you to give permission to conduct Nature Conservation Day on our college campus to raise awareness about the importance of preserving our natural resources. We plan to organize various activities to educate our students about the importance of nature conservation and encourage them to become more environmentally conscious.

Thank you for your consideration.

Yours Sincerely,

D. \_\_\_\_\_
