Textbooks are a key component in most language programs. In some situations they serve as the basis for much of the language input learners receive and the language practice that occurs in the classroom. They may provide the basis for the content of the lessons, the balance of skills taught and the kinds of language practice the students take part in. In other situations, the textbook may serve primarily to supplement the teacher's instruction. For learners, the textbook may provide the major source of contact they have with the language apart from input provided by the teacher. If you read books every day, it can transform your life in multiple ways. It will improve your memory and comprehension skills and expand knowledge base, reduce stress levels, and enhance aptitude for learning a language. Smt. K.L.C.Dewii, Lecturer in English, SRR & CVR GOVERNMENT DEGREE COLLEGE(A), Vijayawada donated textbooks for students for language learning and competitive books for students preparing for competitive examinations. The books were preserved in the library for making them accessible to the larger community of students along with the aspirants.

Books donated by Smt.KLC Dewii
