

Government Degree College, Avanigadda

Department of Computer Science & Applications

The usage of Nearpod application for

effective teaching and learning

On

25-03-2023

Meeting Minutes

Date: 20/03/2023

Attendees: P Arun Kumar, M Ramarao, K Sunil

The meeting was called to discuss the organization of a training program on the 'usage of Nearpod application for effective teaching and learning'. The attendees discussed the feasibility of conducting the program and decided to organize the program on 25/03/2023.

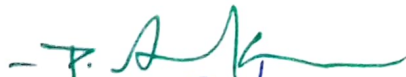

During the meeting, the following decisions were made:

- The program will be organized by the Department of Computer Science & Applications.
- The training program will be conducted by S Jugan Kumar, a Software Development Engineer working with Novkone Pvt Ltd.
- The program will provide hands-on training to faculty members on how to effectively use Nearpod application in their teaching practices.
- The program will include step-by-step guidance on creating interactive presentations, quizzes, and other activities to engage students, identify areas where students need more help, and provide immediate feedback.

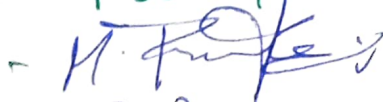

The meeting concluded with a vote of thanks to all attendees for their active participation and valuable suggestions.

Signed:

P Arun Kumar

M Ramarao

To

The principal,

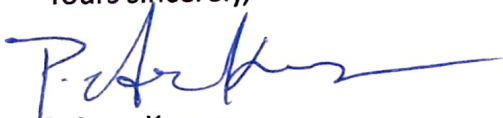

Government Degree College,

Avanigadda.

Dear Sir/Madam,

I request permission to conduct a training program on the usage of Nearpod Application for effective teaching and learning, organized by the Department of Computer Science & Applications on 25-03-2023. The program aims to provide hands-on training to faculty members on the effective use of Nearpod application. The program will be conducted by experts in the field, S Jugan Kumar, working as a Software Development Engineer in Novkone Pvt Ltd. They will provide guidance on using the application, creating interactive presentations, and quizzes. We assure you that all necessary precautions will be taken for the safety of all participants.

Yours sincerely,

P. Arun Kumar,

Lecturer In charge

ABOUT THE PROGRAMME

The training program on the usage of Nearpod Application for effective teaching and learning aims to provide faculty members with hands-on training on how to effectively use the Nearpod application in their teaching practices. The program will provide step-by-step guidance on creating interactive presentations, quizzes, and other activities to engage students, identify areas where students need more help, and provide immediate feedback.

ABOUT THE RESOURCE PERSON

Our resource person, S Jugan Kumar, is a Software Development Engineer working with Novkone Pvt Ltd. He is an expert in using Nearpod in teaching practices and has extensive experience in providing training to educators on how to effectively use this application. His expertise will ensure that all participants in the training program will gain a comprehensive understanding of the application and how it can enhance their teaching practices.

Brief Notes given by the resource person

The usage of Nearpod application for effective teaching and learning is a training program aimed at providing faculty members with hands-on training on how to effectively use the Nearpod application in their teaching practices. The program focuses on the benefits of using Nearpod, including creating interactive presentations, quizzes, and other activities that engage students, identify areas where students need more help, and provide immediate feedback. Participants will be provided with step-by-step guidance on how to create interactive and engaging content and how to use the Nearpod application to enhance their teaching practices. The program also emphasizes the importance of integrating technology into the classroom to enhance student learning and engagement. By the end of the program, participants will have a comprehensive understanding of the Nearpod application and how it can be used to enhance their teaching practices.

Circular

Dear Staff Members,

We are pleased to announce that the Department of Computer Science & Applications is organizing a training program on the usage of Nearpod Application for effective teaching and learning. The program aims to provide hands-on training to faculty members on how to effectively use the Nearpod application in their teaching practices.

The program will be conducted by experts in the field, Mr. **S Jugan Kumar**, a Software Development Engineer working with Novkone Pvt Ltd. Participants will receive step-by-step guidance on creating interactive presentations, quizzes, and other activities to engage students, identify areas where students need more help, and provide immediate feedback.

The training program is scheduled to be held on **25-03-2023, 4.00PM**, in the Principal Chamber, Government Degree College, Avanigadda. All faculty members of the college are invited to attend this program and gain valuable insights into using Nearpod in their teaching practices.

Thank you.

Sincerely,

P. Arun Kumar,

Lecturer inCharge

Opinion of the Resource Person

The resource person, S Jugan Kumar, stated that the Nearpod application is a powerful tool for enhancing teaching and learning experiences. He emphasized the benefits of using Nearpod for creating interactive presentations, quizzes, and other activities that engage students and provide immediate feedback.

According to him, Nearpod can help faculty members identify areas where students need more help and provide targeted support to improve learning outcomes.

The resource person believes that integrating technology into the classroom is essential for effective teaching and learning, and Nearpod is an excellent tool for achieving this goal.

He also shared some best practices for using Nearpod in the classroom and provided examples of how other educators have successfully used the application to enhance student learning and engagement.

Overall, the resource person was very positive about the training program and expressed his enthusiasm for sharing his expertise with faculty members of Government Degree College, Avanigadda.
