ABOUT THE PROGRAMME.

Everyone earns money and spends money. In the meanwhile, there is one more important thing to be considered is "Saving". Savings change the life of humans. When we are starting saving money in early age, that gives bumper profits in the long period. We can save our money in the banks, post offices or invest in various opportunities. But everyone will feel that savings in the banks are safer, though the return is less. But the risk is also less. In this point of view, the Department of Commerce of Government Degree College, Avanigadda is initiating a "Sensitisation programme on Savings and Banking Issues" to aware our students and ^{from them} their parents and neighbours about these issues.
